Office Seekers Must Make Public Declaration For W. C. T. U. Support.

WOMEN TALK POLITICS

Want Sincere Opinion of Senator Harding. Mrs. George Seaks, New Oxford, Elected President.

"That we will lend our support only to those candidates for public office who openly declare themselves in favor of the principles for which the Woman's Christian Temperance Union stand" was one of the resolutions adopted at the thirty-fifth annual convention in St. James chapel on Thursday afternoon.

The business of the afternoon which had been proceeding with regularity suddenly came to a halt when the subject of politics was brought up. Very few of the W. C. T. U. members seemed to be very well versed either on the Republican presidential and vice presidential nominees or the Democratic possibilities.

Finally one of the ladies suggested that the convention go on record as "being for the Republican nominees for president and vice president."

There was a murmur of dissent from the wives of the Democrats, however, and a resolution was passed which stated that the Adams county branch of the W. C. T. U. be in favor of "woman suffrage without regard to either political party."

Another member suggested that the convention discuss the qualifications of various candidates for national, state and local offices.

"I think that we should take steps to find out the real sentiment of Senator Harding," said one woman. "I read in one paper that he owned stock in a brewery and in another that he voted for the Volstead constitutional amendment."

Mrs. J. Charles Knox read the names of William G. McAdoo, Woodrow Wilson, A. Mitchell Palmer, Governor Edwards, Governor Cox, and William Jennings Bryan as possible Democratic nominees which brought the political discussion to a close.

The election of officers resulted in Mrs. George H. Seaks, New Oxford, being chosen president for the coming year; Miss Lillie McClean, Gettysburg, first vice president; Mrs. A. I. Weidner, Gettysburg, second vice president; Mrs. George W. Rex, Gettysburg, recording secretary; Miss Reba Adams, Gettysburg, corresponding secretary; and Mrs. J. Charles Knox, Gettysburg, treasurer.

CARLISLE BOYS HERE

Fourteen Wounded Men Taken Over Field in Cars.

Fourteen soldiers from United States General Hospital 31 at Carlisle arrived in Gettysburg by motor on Thursday afternoon and were taken over the battlefield in the automobiles of John Spangler, Samuel Spangler, and Mark Eckert.

Harry Rhine volunteered his services as battlefield guide. By making a rapid solicitation among local business men, John Spangler raised seven dollars and a half which he used to procure cigars, cigarettes, and chewing gum for the wounded men.

RAIN STOPPED CONCERT

Rain stopped the weekly concert of the Citizen's Band, Thursday night, after five selections had been played. A fair sized crowd gathered to hear the music at the conclusion of the ball game between the First and Second Wards.

DRASTIC EMBARGO HAS BEEN LIFTED

But Strike Conditions on Western Maryland Are Serious.

SHOPMEN MAY QUIT TOO

Yard Crews Quit at Cumberland. Only Livestock And Perishable Freight Barred.

Notice of the drastic embargo received Thursday at the local Western Maryland freight office was superseded late Thursday afternoon by an embargo modifying the ruling to a large extent. Officials here were authorized "not to accept any live stock or perishable freight through Hagerstown." Otherwise the conditions brought about by individual embargoes are the same as earlier in the week. All provisions of the complete embargo by which no freight of any kind would be accepted have been cancelled.

Local yardmen who were laid off Thursday when the embargo went into effect resumed work this morning.

The strike which spread to the Western Maryland Thursday morning became more alarming today when information from an authoritative source said the Hagerstown shopmen of that road would lay down their tools today. It was intimated that a carefully prearranged plan had been worked out.

Reports of many other walkouts all along the Western Maryland were announced Thursday night. The yard crews at Cumberland quit Thursday night at 11 o'clock and the yardmen in the Port Covington terminal in Baltimore walked out Thursday afternoon, while many other small groups along the line were reported to have walked off duty.

Besides the yardmen, only a few of the road crews are working and it is estimated that several hundred trainmen on the regular division are idle as the result of the yardmen's failure to move the freight. This eventually would affect the shopmen, who would soon be out of work at the roundhouse and would have to lay off.

Considerable unrest was shown by many farmers near Hagerstown, who have been placed in embarrassing positions in not being able to make shipments. The berry growers in the county, who ship thousands of dollars worth of raspberries to the city markets have been hard hit and are grumbling.

As far as the Philadelphia and Reading is concerned conditions seemed to have improved through the day. Both day tricks at the Rutherford yards were reported working full force and all engines were in service.

POOR BOARD BUYS SILO

Make Purchase From C. E. Weikert, of Gettysburg.

At a special meeting on Thursday afternoon the Adams county poor board decided to purchase a Tecktonius silo measuring twelve by thirty four feet from C. E. Weikert, of Gettysburg, representing the Wood manufacturing company of Philadelphia.

The time of starting work on the silo is indefinite.

LOYSVILLE BAND COMING

BOGUS GERMAN SECURITIES SOLD

Is Belief of Brokers in This Section. Big Lancaster Swindle.

Counterfeit German government and municipal bonds and German currency, notably the Mark, are believed to have been sold to investors in this section of the state. A number of investors in Lancaster have been victimized by speculators in bogus certificates and bonds and some apprehension is being felt here among those who placed money in this type of security.

Investigation in Lancaster showed that a group of agents, handling the valueless money had been doing a thriving business, among farmers and foreigners, particularly. No instances have been cited where local citizens have been defrauded.

Actual swindles have been unearthed in Lancaster county. Investments have been particularly heavy among farmers and foreigners. One Greek is known to have purchased 100,000 marks at one cent each and the certificates are worth only the paper printed upon.

Agents in Lancaster sold marks at the rate of one cent each and since the German note has depreciated to less than three cents in American money, they promised investors at least 200 per cent on their principal.

Brokers in York in public statements caution investors in German securities that they secure their bonds through legitimate channels. Itinerant agents selling bogus bonds seemed to have those communities where the German population is extremely heavy per capita and they have had little difficulty in inducing buyers to subscribe to bonds and actual money.

GO TO CAPITAL TUESDAY

Commissioners Will Discuss Proper Expenditure of \$61,000.

The most suitable way to spend the \$61,000 obligated for by the former board of county commissioners will be discussed by Reuben H. Lupp, William Linn, and Walter C. Snyder, members of the present board, with Lewis S. Sadler, state highway commissioner, in Harrisburg on Tuesday.

As the commissioners will not be at the court house on Tuesday, their regular meeting day, they have decided to convene on Saturday and Monday for the benefit of Adams county citizens desiring to interview them.

When the former board of commissioners agreed to accept the \$61,000 in the state treasury they stated, of course, that they would match that sum dollar for dollar with money raised in Adams county. That agreement must be carried out to the letter by the present board which must decide upon a procedure different from the one contemplated before the bond issue failed.

Bridges as well as roads will be discussed by the commissioners with the state officials.

YALE CREW WINS

Harvard Defeated in Preliminaries at Regatta.

(By Associated Press) New London, Conn., June 25—Yale captured the preliminary honors in the annual regatta with Harvard over the historic Thames river course by winning the two mile Freshman race by one length in 10 minutes, 3 3-5 seconds.

Yale also won the second race. The Junior varsity eight four crew defeated Harvard by one and one-half lengths. Time 10 minutes 6 3-5 seconds.

Weather and water conditions were extremely favorable for fast time.

WHEAT CROP FAR SHORT IN STATE

Heavy Rains Not Enough to Bring About Normal Yield.

OTHER CROPS AFFECTED

Estimate Shortage in State at Nearly Two Million Bushels. Acreage is Less.

The heavy rain of Wednesday, although it knocked down the wheat in some places, was timely as most sections of the county were needing water. The rainfall for the last week was generally good but the crop is estimated below normal. Adverse conditions during the winter and early spring have not been overcome by the better weather of May and June.

Pennsylvania's 1920 wheat crop will run around 27,564,000 bushels according to an estimate issued Wednesday by the State Department of Agriculture in a bulletin summarizing crop reports. The area to be harvested will be 1,560,100 acres against 1,592,770 in 1919.

The bulletin says of the wheat: The condition of wheat on June 1 is estimated at 86 per cent of a normal and forecasts an average yield of 17.6 bushels per acre and a total production of 27,564,000 bushels. The crop last year was estimated at 29,190,000 bushels, and the average yield was 17.8 bushels per acre. The average production of wheat for the past five years was 26,319,780 bushels.

Rye

The condition of rye is 92 per cent of a normal and is indicative of a yield of 17.2 bushels per acre and a total production of 4,027,000 bushels. The crop last year was estimated at 3,865,877 bushels, and the average yield was 17 bushels per acre. The average production for the past five years was 4,456,000 bushels.

Oats

Notwithstanding the lack of farm help and the cold, wet weather during the oat-sowing season, the estimated area sown to oats is 1,154,330 acres which is 97 per cent of the area sown last year. This proves pretty conclusively, though handicapped, the farmers are putting forth their best efforts, with the aid of machinery and labor-saving devices and such help as is available, to produce as largely as possible. MAY ABANDON THE FARM INSTITUTE

Question Discussed at State College. Business Takes Its Place.

First steps in the formation of a State Farm Bureau Federation, a lengthy discussion on the abolishment of the county institutes and the announcement that the State Holstein-Friesian Association would at once start a campaign for 2000 members were the developments Thursday in the last hours of the annual June farmers' week program. The Farm Bureau Federation plan was placed before a meeting of Executive Committee members from each county, and it is altogether likely that such an organization will be started before the end of the year. A committee of six farmers was appointed to lay plans for definite organization and present them to each bureau.

The abandonment of the institutes brought considerable discussion from the county chairmen, and was proposed on the basis that farm bureaus and general extension work in agriculture, brought to the front 30 years after the institute was made necessary, now care for that work. Strong pleas for retention were made by some, on the ground that rural communities anticipate institutes as an established custom. The program for 1920-21 will be carried out, but continuation will rest with Secretary Rasmussen and the financial policy of the next Legislature.

WAS AMAZED AT VOTERS IN ADAMS

Making Issue of Liquor Question at Primary Election.

"During the last primary election I was utterly amazed at the misinformation existing among the voters of Adams county," said Rev. Harry Daniels, Methodist minister, during an address to the W. C. T. U. convention in St. James chapel, Thursday night.

"It was ridiculous and absurd to make an issue of the liquor question at a primary election for how can a man who is elected to the state assembly at Harrisburg vote to change the constitution of the United States?"

In speaking of the way the alleged wet candidates supposedly hoodwinked the voters of Adams county, Mr. Daniels said, "The liquor men went up to the farmers and cried, 'You men are in an awful state. You can't make cider. And you women who like dandelion wine. You had better rise up.'"

"It's the first time I ever knew that rummies were interested in the farmers," said Rev. Mr. Daniels. "But they got the people so fussed up that they started dividing off into wet and dry divisions on the election of a state assemblyman."

"Many of the wets say they want only light wine and five per cent beer," continued the Methodist preacher. "Light wines, surely. That's all Broadway wants. The cafes open. The midnight revels. The destruction of American womanhood."

The one hour address of Rev. Mr. Daniels was interspersed with many humorous stories and jokes which with his forceful delivery and interesting facts served to hold his audience from beginning to end.

MORE CREWS QUIT

Reading Men at Catesville Joined Strike.

(By Associated Press) Philadelphia, June 25—Twenty four crews of Reading railway yardmen at Catesville, comprising 175 workers joined the trainmen's strike today. It was stated that the Midvale and Lukens steel mills will be seriously affected if the strike continues.

Reports from various Pennsylvania railroad points affected by strikes shows little change in the situation over night. At headquarters of the strikers the leaders are awaiting the outcome of the vote by the shopmen on the question of joining the strike. It is claimed that by tomorrow night many of them will be out.

SOLDIER INJURED OVERSEAS DEAD

John H. Butt, Native of East Berlin, Dies in Hospital.

TUBERCULOSIS OF SPINE

Death Occurred at Walter Reed Hospital, Washington. Buried at East Berlin Saturday.

Injuries received to his back while serving with Uncle Sam's forces in France in 1918 have resulted in the death of Private John Harrison Butt, son of Mrs. Kate Butt, Hanover. His death occurred Wednesday at the Walter Reed hospital, Washington, where he had been a patient. He was born 33 years ago in East Berlin.

Before the war Private Butt had been employed by the Gibson-Hill Company, Philadelphia, having held a clerical position. When the war broke out he enlisted and was assigned to Battery B, 80th Field Artillery. He was sent to France with that command. Shortly after arriving there he sprained his back while lifting a heavy box.

The injury grew steadily worse despite the treatment and care given him by the army surgeons. The soldier was sent back to the United States, arriving here on June 21, last, and was admitted to the Fort McHenry hospital, Baltimore. Here everything possible was done to relieve his suffering and to save his life, for tuberculosis of the spine had set in.

He, however, grew worse and was transferred to the Walter Reed hospital at Washington six weeks ago. His condition gradually grew weaker until his death occurred Wednesday.

He was the son of John F. (deceased) and Kate Butt and was born in East Berlin, where the family formerly resided. He was a member of Orpheus lodge, F. & A. M., Stockton; Wilson chapter, Arch Masons, Lumberville, N. J., and he was also a Knight Templar. He is survived by his mother, Mrs. Kate Butt and two sisters, Mrs. L. W. Hartman, and Mrs. Byron Lapham, Hanover.

Funeral Saturday morning from the Hartman home. Services conducted at 9:30 o'clock by the Rev. Dr. Marsby J. Roth, pastor of Trinity Reformed church, assisted by the Rev. Harry Kehm, East Berlin. Burial in East Berlin.

RAIL STRIKE NOW MOST MENACING

Leaders of Workmens' Organizations Confer on Situation in Chicago.

MOST SERIOUS SINCE WAR

Patience of Men Has Reached Breaking Point. Trainmen Criticise Rail Labor Board.

(By Associated Press)

Chicago, June 25—Heads of fifteen railroad men's organizations in conference here today declared the rail situation the most menacing they had been called upon to face since the war and expressed doubt of their ability to prevent complete "paralysis of transportation" unless they are given co-operation by the railway labor board now considering wage demands.

"The men have reached the breaking point in patience," declared W. G. Lee, president of the Brotherhood of railway trainmen. Judge R. M. Barton, chairman of the board, issued a statement in which he said the wage decision would be made as soon as possible but in justice to the road workers and the public, proper deliberation must be had.

W. N. Doak, vice president of the railway trainmen declared the board had demonstrated the futility of such methods of settling wage disputes. "The board members are sitting as advocates," he said, "instead of as judges."

THREE HURT IN CRASH

Baptists Having Pictures Taken. Platform Falls.

(By Associated Press.)

Buffalo, New York, June 25—A temporary platform at the Broadway auditorium, on which about 100 delegates to the Northern Baptist convention were having their pictures taken, collapsed late this morning. Three persons were severely hurt and several others were cut and bruised. Most of the 3500 delegates had left the building and those inside when the platform fell continued to leave through the exits without confusion.

Those injured were: Rev. J. L. Peacock, president of Shaw University, Raleigh, North Carolina, probable fracture of left leg, cut and bruised.

Rev. Leroy Stephens, Lewisburg, Pennsylvania, both knees hurt. The remainder of the injured were from the west.

The convention today by a unanimous vote condemned "propaganda, religious or political, which seeks to induce the government to meddle with the internal affairs of Great Britain." The convention voted to hold its sessions of 1921 at Winona Lake, Indiana.

STOCK REPORT

Prices Steady. New Dull Record Made.

(By Associated Press)

New York, June 25—Prices in the stock market steadied before noon although a new record for extreme dullness was established during the morning. Nearly 70,000 shares changed hands in the first hour. The only stock that showed marked heaviness was Inspiration copper which continued to be sold on yesterday's dividend reduction. Indication of another money flurry was seen in the nine per cent opening rate for call loans.

Shorts were driven to cover again in the last hour when the rate for call loans fell back to nine per cent. Steels, equipment and shipping were foremost in the rally. The closing was firm. Sales approximated 275,000 shares.

STRONG FEELING FOR MR. M'ADOO

Texas And Southern States Give Him Big Boost.

COX IS NOW THE LEADER

Says He Is Wet by Implication Only. Palmer Will Not Hold Lead Very Long.

San Francisco, June 25.—Senator Glass' declaration for Mr. McAdoo and the arrival here Thursday of Tom Love, the leader of the McAdoo campaign in Texas and other Southern states, have resulted in the resurrection of the McAdoo-for-president sentiment. Mr. Glass states that he speaks only for himself, but his position as messenger from President Wilson with the Democratic platform and as the President's representative in putting the platform through the convention, gives his statement in favor of McAdoo an importance which is not lost on the delegates who are arriving.

Mr. Love is the gentleman who has been bringing the South in line for McAdoo and who has been in constant touch with him since his latest statement declining to be a candidate. "Mr. McAdoo is sincere in his decision to retire from public life," said Mr. Love Thursday morning. "No one who is acquainted with him will doubt him in his assertion. But we have fallen on times when the personal inclination of individuals must be subserved to the public good."

Texas Votes For Him

"McAdoo stands before the country as a sort of a progressive and constructive Democrat who will draw around him all classes of citizenship who object to standpatism and reaction. The party and the country need him. They will draft him in defense of that country as we drafted our boys in the late war."

This means that the 40 votes of Texas will be cast for McAdoo on the first ballot. But Mr. Love recognizes that Texas is far down on the roll of states and he is therefore now directing his effort to secure some state higher on the alphabetical list which will vote for McAdoo and thus secure the advantage of a dramatic start of the McAdoo roll. Mr. Love has good reason to believe that the Alabama men are favorably inclined to McAdoo, but they are pledged to vote for Senator Underwood on the first ballot.

Mr. Underwood, however, may decide to forego the empty honor of a complimentary vote and in that case the balloting will start off with Alabama's vote for Mr. McAdoo.

Cox a Leader

As for the other candidates, Governor Cox is undoubtedly in the lead at present so far as real strength is concerned. Mr. Palmer probably will roll up the largest number of votes for a time after the delegations with favored sons have voted, but he cannot hold his strength for the same reason that General Wood failed to hold his votes. For instance, Palmer will have the 58 votes of Illinois for several ballots but he holds these votes because the Illinois delegation regards it as an obligation to make good the pledge given Palmer by the late Roger Sullivan, the Illinois leader. But they will abandon Palmer as the real fight for the nomination begins.

The Cox campaign is undoubtedly the most aggressive and the most virile campaign at present. Governor Cox's manager has been quick to realize that the wet element is much stronger in the convention and there is a sudden reticence among the Cox men to insist on Governor Cox's wetness. They now point out that he will stand on the platform and that he is only wet by implication. He has drawn to himself much of the Edwards strength.

REINER-BRESSLER

Rev. T. C. Hesson Performed Ceremony Wednesday Evening.

On Wednesday night at 9 o'clock in the Reformed parsonage at Ardentville, Professor Robert E. Reiner and Miss Eva C. Bressler, both of Tower City, were united in marriage by Rev. Theodore C. Hesson. The ring ceremony was used.

The bride is a cousin of Mrs. Hesson, and a graduate from the High School of Tower City, and for several years taught in the public schools of Schuylkill county. For a number of years she studied voice culture and is known as a successful vocalist in musical circles. The bridegroom received his education in the Tower City High School and Dickinson College and is a successful school teacher of Schuylkill county.

COURT SAYS HE'S NOT TOUGHEST KID

New York Jurist Scores Up-lifters And Awards Boy Damages.

New York, June 25.—A Supreme Court jury decided Thursday that William McCue was not "the toughest boy in Hell's Kitchen" and awarded him \$3,500 damages against the Russell Sage Foundation and publishers of a book, entitled "Boyhood and Lawlessness," in which his picture appeared over this caption.

In asking \$30,000 damages, the boy's complaint set forth that in 1914 a photographer appeared in the Hell's Kitchen district, where he lived, and took his picture on the ground that he wanted "Boy Scout pictures."

McCue, who is now of age, said he was an altar boy in St. Ambrose's Church at the time and has never been arrested or charged with delinquency in any form.

In denying a motion to set aside the verdict, Justice Ford said:

"There is not a scintilla of evidence that he was tough at all. It is a wicked libel."

"That is the great trouble with these movements. They think that where there is poverty there must be criminality. As a matter of fact, in those humble little homes in the very section pictured in this book will be found more Christian piety, more devotion to real duty, more of the sterling qualities of humanity than will be found in the mansions along Fifth avenue."

"These people from their great height of self-conscious, righteousness and superior excellence peer down on and discuss these humble beings as though they were so many cobblestones in the street, without any regard at all for their feelings or their rights in the community."

HARD ON ORATORS

Ladies And Gentlemen Are Improper Words.

(By Associated Press) Portsmouth, Eng., June 25.—The use of the words "ladies" and "gentlemen" is to be discontinued in the parish so far as he is concerned, says the Rev. Bruce Cornford, in his parish magazine.

"The words have now absolutely no meaning," he writes. "Foolish class distinctions should have no place in the church. Even the Master called His mother 'woman' while no one would insult St. Peter by calling him gentleman. The parochial council consists of men and women."

EARLY DECISION BY RAIL BOARD

Award Fixing New Wage Scale May Come Next Week.

THERE IS NO DEADLOCK

Many Differences, Chairman Admits, But Agreement Will Be Reached, He Says.

Chicago, June 24.—The Railway Labor Board may hand down its decision fixing new wage schedules for all classes of railroad workers' next week. No date can be set definitely, however, according to Judge R. M. Barton, chairman of the board, as reconsideration of the assembled decisions may delay the final award for a week or more.

Judge Barton denied reports that the board faced a deadlock because of the widely divergent opinions of the members representing the roads and the men. Admitting that there was a natural difference of opinion as to what increases should be granted, the chairman said no unsurmountable difficulties had been encountered.

Publication Thursday in Washington of the text of President Wilson's message asking the board to expedite its award cleared up the mystery which had surrounded the telegram, receipt of which had been denied by members of the board. Judge Barton, after reading the published text, announced that the message was sent to him last Monday, marked "personal and confidential," and that he had, therefore, withheld it from the rest of the board.

Judge Barton declined to make public his answer, but said he would be glad to have the President do so.

The request embodied in the President's message that, if a complete award could not be made at this time, a "partial settlement" be announced, could not be acted on, Judge Barton said, as the 100 or more separate schedules are all related, and it may be necessary to revise awards tentatively decided on when all the figures are compiled.

Action Toward Settlement

Two moves looking toward settlement of the series of sporadic railway strikes will be taken here today. Heads of all the recognized railway unions will meet for a conference, at which the strike situation will be discussed, and also will endeavor to learn more definitely when the Railway Board's decision will be announced.

Tonight the Chicago Yarden's Association and the United Engine-men's Association, the two organizations of "railway vacationists," as the strikers term themselves, will hold a mass-meeting to "lay before the public the true side of the present railroad situation and just what means have been employed to bring the present controversy to a successful conclusion."

The City Council, Board of Trade, Chamber of Commerce, Railway Club and Manufacturers' Association have been invited to send representatives to the meeting.

Reports compiled here show that the present wave of strikes, unauthorized by the brotherhood chiefs, is confined largely to the Atlantic seaboard. In the Central West there have been half a dozen minor walk-outs during the past 10 days, with less than 100 men involved in each case, and without exception the strikers have returned to work after a day or two of idleness. Chicago, Burlington & Quincy men who struck at Quincy, Ill., Wednesday returned to work Thursday.

DEMOCRATS HAVE ROOM

Protection From Public By Fence Around Building.

San Francisco, June 25.—When the democratic national convention meets here June 28 it will have available for the first time accommodations in the Exposition Memorial Auditorium building sufficient to house under one roof not only the convention proper but committee meetings and headquarters for candidates as well.

A fence around the entire building, with entrance gates for ticket-holding spectators, delegates, officials and news writers, will be used by police and convention authorities to prevent crowds from rushing doorkeepers to obtain admittance. This has occurred several times during national party conventions.

The auditorium for three weeks past has been a scene of noisy activity. Carpenters have erected the speakers' platform, 30 by 40 feet and 10 feet high, on the south side of the big hall just in front of the great organ and opposite the main entrance. Several feet lower and extending along the greater part of that side of the auditorium is the press section with seats for 516 working news writers. Back of the speakers' platform in sound-proof rooms are telephone booths and fully equipped accommodations for press associations and newspaper men.

YOUTH LAUGHS AT MURDER VERDICT

John McHenry Convicted of Killing Detective in Washington.

Washington, June 25.—John McHenry, former New London, Ct., youth, was found guilty of murder in the first degree by a jury in the Criminal Court Thursday for the shooting to death of James E. Armstrong, detective sergeant, in the Union Station here last December. The verdict, which carries with it the death penalty, was returned within an hour and a quarter after the jury received its instructions.

During the trial of McHenry, who is 20 years of age, witnesses from Connecticut, Maine, and Rhode Island testified as to his record in those states, where he had spent varying periods in prison and reformatory schools.

Sergeant Armstrong was shot in attempting to arrest the youth, who had previously attempted to rob an auto accessories shop and had shot and killed the proprietor when confronted in the shop. Counsel for McHenry presented insanity as the defense.

McHenry, who had evidenced no emotion during the protracted trial, heard the verdict in silence, apparently the least concerned in the crowded courtroom. Shifting his gaze to Justice Gould as the verdict was rendered, he looked steadily at the justice until a deputy led him from the stand to the detention room, a smile breaking over his drawn face as he nodded to several acquaintances in the courtroom.

MAY END EXAMINATIONS

Leading University Investigates Final Test Results.

(By Associated Press) Cambridge, Mass., June 25.—The faculties of Maryland University and Massachusetts Institute of Technology have taken action to dispel or to allay the undergraduate bogy of final examinations.

The tests which the students of the Institute have undergone this month may be the last of the kind at "Tech." A committee of faculty members, alumni and undergraduates have been appointed to investigate methods of testing the college man's knowledge and proficiency in studies other than by the customary examination. This step followed unsuccessful attempts to have the students accept the honor system.

At Harvard there has been no consideration of the proposal to do away with examinations but there has been action to ease the mental strain which they put on the students. The soothing charms attributed to music, and its power to stimulate sluggish minds to active thought, have been called upon as first aid to undergraduates beset with troublesome tests.

FEWER FIRES AT CALEDONIA

This County Has Suffered Only One Small Forest Blaze.

A report on the spring forest fire season in his district has been made to the Pennsylvania Department of Forestry by Forester R. G. Conklin, of the Caledonia State Forest. His statement indicates that fewer fires occurred and that there was a reduction in the acreage burned over.

In the Franklin county section, there were three fires, covering 51½ acres, which were largely confined to State land. Adams county suffered only one small fire of less than one acre in extent. Four fires in Cumberland county, burned over 247 acres, only 1½ acres of which were on the State forest.

Forester Conklin's report shows eight fires in the Caledonia State Forest region. The total area burned was 298½ acres, including 51½ acres of State forest and 247 acres privately owned land. The estimated loss of standing timber is \$1,200. It is believed that damage to young forest growth and soil would reach several thousand dollars. The total cost of extinguishing the eight fires was \$199.87.

Forester Conklin recommends the

Big Flat section of the Caledonia State Forest as worthy of a visit because of its superb mountain scenery. The Big Flat is 2,100 feet above sea level and wonderful panorama views may be enjoyed in all directions.

Professor E. A. Ziegler, Director of the State Forest Academy at Mont Alto, has reported that five permanent camp sites for hunting purposes were learned recently on the Mont Alto State Forest. He said there were seven other desirable camp sites in that section that have not been leased. Nineteen candidates for admission to the State Forest Academy participated in competitive examinations at Harrisburg last week.

FIRST ARE CHAMPS OF INITIAL HALF

Beats Second 3-1 When Bob Oylor Doubles to Center.

When the last ball of the Thursday night contest landed into Weiser's glove with a resounding plunk, every member of the First Ward team drew a sigh of relief to think that the initial half of the race was finally ended and that they had been crowned champions.

All doubt existing as to the first half winners was obliterated Thursday when the First Ward bunch defeated the Second, 3-1, by a whirlwind rally in the fifth session.

Immediately following the termination of the contest, Dr. Markley, successful pilot of the First Warders, was heard to remark:

"Now I know how a big league manager feels when the strain of the race is over and he knows that his team has emerged a winner. Next week the boys will take it easy in preparation for the start of the second half on July 5."

Owing to existing circumstances the First Warders were content to celebrate their triumphs with grape juice and "whistle."

Bob Oylor, first sacker, delivered the blow that won for his team. With the bases loaded in the fifth session he cracked out a double to center field which drove across Deardorff and Roth. Cromer had previously scored on Roth's hit to left.

The Thompson brothers scored the Second's lone run. Bob walked and Shag tripped.

Bob Oylor made an excellent one handed stab on a throw from Plank in the fifth, while Pontius and Myers executed a neat play off Tawney in the same inning.

The game was an unusual one in the respect that not a man reached first until the fourth inning and that neither side registered an error.

DR. OASTER

The greatest blight on humanity is impaired eyesight. Nothing causes so much confusion and suffering and embarrassment as defective vision.

DR. OASTER the Philadelphia eyesight specialist with fifteen years practical experience and a graduate eyesight specialist who passes the state board examination invites the people of Gettysburg and vicinity who are afflicted or who are not getting satisfaction to consult him.

DONT GIVE UP

No matter how skeptical you are or how many times you have failed to receive correct glasses or who has give up your case or the price you have paid, come to me. I am permanently located in Gettysburg—I am here every day and all day long. I can examine your eyes at night as well as in daytime—as I use artificial light for all examinations—I examine the eyes by looking into them, taking the exact focus and shape of the eye. Guaranteeing satisfaction in every case I have examined thousands of eyes and will guarantee to correct the trouble in yours—all of my work is made especially by prescription. Don't neglect your eyes. Don't put it off. See me today.

BIG 10 DAYS SALE

STARTING SATURDAY, JUNE 26, 1920

Are You Going to Miss It?

The Army and Navy Store has purchased another tremendous shipment, comprising nearly a carload of used Army Goods. This will be sold at ridiculously low prices. All these goods must be sold at a BARGAIN SALE, beginning Saturday, June 26th, and continuing for ten days.

Everything in our store has been greatly reduced. And when you consider the low figures at which we have been selling, you will be able to appreciate the extremely low prices we now have.

The wonderful wearing qualities of Government goods is well known, so we will not consume space by trying to convince you of that.

Here are some of the things you will find among this new lot:

Army Shoes, in all sizes \$2.50	Army Coats \$1.00
Army Pants \$1.00	Army used Stockings, 3 pairs for 25c. You can't buy these goods at 50c a pair now.
Army Underwear 35c a piece	Army Shirts, O. D., ... \$2.00 Khaki, 69c
Army Overalls \$1.00	Army & Navy Blankets \$4.98

All of these goods are serviceable. Some of them are as good as new, in fact they hardly show any wear.

In addition to these bargains, we are offering

Mixed Calico, black and red, at 15c per yard. And many, many other articles that we could name, but are afraid you will not believe the prices. So we invite you to come and see for yourselves.

10 Per Cent Reduction on All NEW GOODS IN STOCK

Money refunded if goods are not satisfactory.

condition of the oats on June 1 was
90 per cent of a normal, indicating
an average yield of 32.9 bushels per
acre, and a total production of 37-
977,000 bushels. The crop last year
was estimated at 35,015,000 bushels,
and the average for the past five
years, 38,717,000 bushels.

Hay

Condition of meadows is 88 per
cent which is 9 per cent below
condition on June 1 last year. Pres-
ent indications are that the yield will
approximate 1.39 tons per acre; and
if the acreage harvested this year is
as large as last, the total crop will be
4,158,000 tons as compared with
4,219,415 tons last year. The average
production for the past five years was
4,394,400 tons.It appears that there are approxi-
mately 334,375 tons of hay in the
farmers' hands on June 1. This is
8 per cent of last year's crop.

THIEVES MAKE HAUL

Enter Littlestown Garage. Steal
Parts and Tires.Ford parts and tires valued at
about \$300 were stolen last Tuesday
night from the garage of Basehoar
& Mehring, Littlestown, it has just
become known. The thieves loaded
their booty in another car, which has
been traced as far as the school house
at that place.Mr. Basehoar states that he was in
the garage at midnight and that
everything was alright at that hour.
It is believed that the intruders en-
tered the place about 1 o'clock. The
glass was broken in one of the win-
dows enabling the thieves to open
the latch. Entrance was then made
by crawling through the iron bars
covering the window.A Ford top, which was crated, was
opened but was not taken. The au-
thorities are working on the case.DELCO-LIGHT

Special Closing Out Prices

Distinctive Tub Frocks

BEAUTIFUL COTTON GOWNS—Handsome enough to wear on all occasions. Especially is this the case with the beautiful new fabric called Crepe-de-Gere—part silk. This fabric is handsomely printed, soft as Crepe de Chine. Models are draped modishly, adorned with laces and ribbons. New—yet reduced 20 per cent and more.

VOILES & ORGANDIES—moderately price marked and nice enough to wear at any hour of the day. A profusion of flowers, dots, stripes, bars &c. A great variety to choose from both as to styles and prices. All reduced one fifth and more.

White Dresses of Voiles & Chiffons, Dotted Swisses &c.

White is very popular as a hot weather wearable—and we are showing an unusual stock of Handsome frocks in French Voiles, Dotted Swisses, Chiffons &c. A reduction of one fifth and more from reasonable prices.

Description of a Few Picked at Random

Fine French Voiles—fulled over the hips by deep pleated ruffles, edged with venise lace—fichu effect, round neck, elbow sleeves all edged with sale lace. Waist finished with narrow gros grain ribbon.—A dress handsome enough for any occasion. \$35.00 value now \$26.50.

Fine French Voil—skirt tucked with half inch tucks from hem to waist. Round neck, kimona sleeves, trimmed with insertion and edge of Irish Crochet lace—crochet buttons on back and sleeves. Waist finished by sash of voil, lace edged. \$35.00 value, now \$26.50

Dotted Voil, square neck, elbow sleeves and tunic trimmed with filet edge. Collar around back and down front to end of tunic giving long lines and a very attractive style for a full figure. \$25.00 value, now \$16.50.

White dresses at \$3.75, \$5.00 up—Every one under the price value of today.

Waists and Blouses

SILK GEORGETTE AND CREPE DE CHINE WAISTS

Reduced in price, one fifth or more—Also about 25 Dark Tafetas & Messalines reduced about one fourth.

We have gone over our stock of Waists and taken all the twos and threes of a kind and blue penciled the prices, in some cases as much as one third. They are of this season's choice styles but cannot be re-ordered—so down goes the price, for quick clearance. A great variety in models and colors.

The report of the resolution reads, "Great blessings have come to us in the past year, especially in the ratification of the National Prohibition Amendment and the enactment of the Enforcement Act with the recent decision of the Supreme Court upholding it.

"Resolved, that the W. C. T. U. of Adams county do determine to be more zealous in its efforts to arouse public sentiment to aid the enforcement of law and to prepare the rising generation to meet the problems of the hour.

"Resolved, that each local Union see that a temperance worker be appointed as temperance superintendent in each Sunday School in the county who will co-operate with the Sunday School superintendent that ten minutes instruction be given monthly as arranged by the Sunday School Association.

"Resolved, that we extend our hearty thanks to the St. James Lutheran Church and to their pastor, Dr. J. B. Baker, for the use of their lecture room, to those who contributed the music, to the decorating committee, and to the Gettysburg Unions for their hospitality."

Miss Mary McConaughy, Miss Martha Witherow, Mrs. William Boyer, and Mrs. F. E. Taylor composed the resolutions committee.

WEAK, NERVOUS WOMEN

Need More Iron In Their Blood

Thin, impoverished blood results in run-down, anemic, nervous conditions. Mrs. Martha Sickles of Wooster, Ohio, was in this condition and at our request tells here how she recovered. She says, "I suffered from a weak, run-down, nervous condition as a result of the grip, so I could hardly drag around and do my work. My doctor had given me the best tonic he had, but without effect. Vinol made me strong and well. I have a good appetite and can do all my household work. I wish every weak, nervous woman would try Vinol." We sell and guarantee Vinol. CONQUERS RHEUMATISM

It is an established fact that one teaspoonful of Rheuma taken once a day for a very short time has driven all the pain and agony from thousands of racked, crippled and despairing rheumatics.

While powerful, gratifying and quick-acting Rheuma contains no narcotics, is absolutely harmless, and must give lasting and blessed relief or its cost, small as it is, will be refunded. The magic name has reached nearly every hamlet, and there are hundreds of druggists who can tell you of the good it has done in some of the very worst cases.

If you are tortured with rheumatism or sciatica you can get a bottle of Rheuma from People's Drug Store for not more than 75 cents with the understanding that if it does not rid you of all rheumatic suffering your money will be cheerfully returned.

ELECTRICAL CONTRACTING

Battery repairing and recharging. You end your battery trouble when you buy a Philadelphia Diamond Grid Battery. Ask anybody who owns one.

The greatest Picture of the Civil War that was ever produced. To his country and Lincoln he had secretly given his all. Had accepted a task that could not be explained. Even his wife believed him a traitor.

Sneered at, hated, falsely convicted of murder, he uttered never a word. Only he and Lincoln knew how great was the thing he had done. Never in the history of Motion Pictures has a great picture of the Civil War like this been made and no one in Gettysburg should fail to see this picture. When this picture was shown in New York a prologue was staged of the Battle of Gettysburg, followed by the reading of Lincoln's Gettysburg address.

PESKY BED BUGS

Bedbugs lay an average of seven eggs per day. Under favorable conditions they hatch in five days of which two-thirds are females. They mature to adult size and are capable of laying in four weeks. How many bedbugs would you have in a year if you left one female or egg unmolested for one year? To rid the pesky bedbug, you can readily see how necessary it is to use a preparation that will kill the eggs as well as the live ones. P. D. Q. has been demonstrated by the leading Hospitals, Hotels and Railroad Companies that the safest and most economical way to stop from generations of bedbugs, roaches, fleas and ants is to use the same discovery "Pesky Devils".

Quinlan "P. D. Q." A 30c package of P. D. Q. makes a quart, enough to kill a million bedbugs, roaches, fleas and ants and at the same time destroy their eggs. Impossible for them to exist when P. D. Q. is properly used. Free, patent spent in every package to get the pesky devils in the hard-to-get-at places and save the juice. Special Hospital and Hotel size \$2.50 each. Prepared upon receipt of price by the (The) Chemical Co., Terre Haute, Ind. Success of P. D. Q. has caused imitations; genuine P. D. Q. is never peddled.
